Synopsis

From the best-selling author of the Mistborn series and Words of Radiance comes Calamity, the final book in the New York Times best-selling Reckoners series. What started in the instant number-one New York Times best seller Steelheart and continued in the instant number-one New York Times best seller Firefight now concludes in Calamity. When Calamity lit up the sky, the Epics were born. David's fate has been tied to their villainy ever since that historic night. Steelheart killed his father. Firefight stole his heart. And now Regalia has turned his closest ally into a dangerous enemy. David knew Prof's secret and kept it even when Prof struggled to control the effects of his Epic powers. But facing Obliteration in Babilar was too much. Once the Reckoners' leader, Prof has now embraced his Epic destiny. He's disappeared into those murky shadows of menace Epics are infamous for the world over, and everyone knows there's no turning back.... But everyone is wrong. Redemption is possible for Epics - Megan proved it. They're not lost. Not completely. And David is just about crazy enough to face down the most powerful High Epic of all to get his friend back. Or die trying.

Book Information

Best Sellers Rank: #7 inÂ Books > Teens > Literature & Fiction > Boys & Men #11 inÂ Books > Teens > Science Fiction & Fantasy > Science Fiction > Dystopian #18 inÂ Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy

Customer Reviews

Yesterday, when "Calamity" arrived in the mail I promised myself that I would be in control and only read it after I finished my work and school assignments however as soon as I picked it up to "read just a few pages" I knew that I had made a fickle promise that couldn't be kept.Not only did this book meet my expectations, but very much surpassed them in nearly every way. If you've read the first

two books in the "Reckoners" series you are probably already a fan. . . if you haven't yet. . .stop reading this review immediately and head to the nearest local library or make an investment and buy the whole trilogy on .Not everyone likes superhero/antihero books. . . but this isn't just one of those. Brandon's Sanderson's books are about as far from cookie-cutter stories as you can get and "Calamity" really has a little something for everyone. Action, spy skills, drama, romance, and a compelling story-line.This, the final book in the trilogy, brings back all of our favorite characters from the first two books, and introduces a few new ones as well. Although we see some of the comedic humor an banter that we saw in the first two books, the tone is fairly dark as David, Megan, Cody and Abraham work to save a good person from the madness he's experiencing and the atrocities that he's committing while under the influence of Calamity.I'll freely admit that I am not the best at sleuthing out surprises and twists before they happen, but I honestly was taken for a wild ride as I was caught off guard time and time again by the intricate twists that Brandon Sanderson wove into the story.

*********Possible Spoilers for Steelheart and Firefight**********I think this is the first Brandon Sanderson book that when I was done I just wasnâ ™t sure what or even how to rate it. â œI feel, like a barrel of green ducks at a Fourth of July parade.â •Why you ask am I having so much trouble deciding? Well Iâ ™ll tell youâ |.it wasnâ ™t like the ending in The Hero Of Ages the only other completed trilogy by him that I have to compare it too.But, youâ ™re probably thinking that isnâ ™t fair, this is a completely different trilogy. And I agree with you there. This is a completely different and new trilogy and it is good that he hasnâ ™t fallen into predictable patterns. But I expected more answers, more closure and maybe a more defined ending. For specifically Davidâ ™s story there are most of those things but for some of the other aspects I ended up having even more questions than I started with. Especially regarding Calamity the history of his coming, the purpose, why (view spoiler) I WANTED TO KNOW ALL THE THINGS and I still donâ ™t.I really loved about 85% of this book. It was everything I expected from the Reckoners series. There was a lot of action, bad metaphors and similes, funny characters, emotional moments, a moving city and bad kissingâ |.***â œYetâ "in all of infinityâ "I donâ ™t think Iâ ™ve ever found a dimension where you can kiss worth a hill of beans.â •â œThatâ ™s unfair,â • I said. â œYou didnâ ™t complain last night.â •â œYou stuck your tongue in my ear, David.â •â œThatâ ™s way romantic. Saw it in a movie once. Itâ ™s likeâ |a passionate wet willie.â •***I was really happy that the original crew was back together for the most part. I really missed Cody and Abraham in Firelight, but add those two and Mizzy all together and it was hilarious.
