Battletech Era Report 3062 (Clan Invasion Era Sourcebooks)

Synopsis

Series/Type: BattleTech/Core Supplement BattleTech Era Report: 3062 is the latest installment of the Era Report series, which explores the most exciting past eras of the BattleTech universe. Designed to introduce new players to a part of BattleTech's rich history (or, bring older players back for a fresh look at such periods), the Era Reports provide an overview of the nations, characters, and technologies that made these past eras truly remarkable. Revisits one of the most epic periods in the history of BattleTech: the Clan Invasion. Meshes with the recently published Historical: Operation Klondike, which describes the origins of the Clans. Complements Era Report: 3052, which described the early years of the Clan Invasion era. Focuses more on setting than a single conflict, providing additional role-playing and campaign hooks for games set in the early Clan invasion period.

Customer Reviews

The Era Reports continue to be an excellent source for Game Masters for CBT, AToW & AS. Covers all the major happenings within the Battletech universe between 3052 and 3062. An excellent book.

I think the random unit tables could be a bit more in depth, a lot happened in this area though. this book does a good job to capture everything and allow for custom campaigns

very happy with book
