Customer Reviews

I have used this Calendar for four years. I really like that it's sectioned for each family member. I Combine my work with home calendar and never struggle to know what event belongs to which family members.

This is a great planner!! The layout is very difficult to find in the stores. I love that I have columns for

my hi and, 3 kids and myself. I only gave it 4 stars because I'm not a fan of the binding. It's sturdy but the pages do not easily flip. It's like the binding rings need to be larger.

I find this planner an excellent addition to my digital scheduling, especially since it allows my husband to include his schedule, too. I like the attractive covers and binding. We have been using this weekly planner since 2010 and retain previous copies as a ready reference.

My second planner, same design. It's great, the daily pages are overkill for my purposes (unless you have a lot of activities, appointments, events, etc). I don't know what I'd do without this planner, having all my plans visible in this book is so much easier than flipping day by day in my phone.
