# Oregon Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

## Synopsis

The Beaver State is the permanent or migratory home of 628 species of birds, including the state bird &#150; the western meadowlark. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

## Customer Reviews

Great reference guide. Good size for backpack or back pocket. A bit basic for learned bird watchers but handy companion to share with fellow hikers, etc. Would be a good stocking-stuffer!

helped me identify birds quickly. Love this entire series of guides...have purchased many for my preschool program as reference tools.

I bought this for my grandson. He is enjoying it and is good for his scouting activities and identifying the birds in his back yard.

sent to granddaughter, she wrote saying she was looking at the birds in OR and it was a nice size to mail.

Love these field guides, makes identifying common birds in other states easier.
