Customer Reviews

My son intended to use this as a resource for studying for the SAT but found that this workbook does not appear to reflect what appears on the actual SAT. He used the associated Reading Workbook and thought that was a much better resource.

This book is very good. It meets my needs

I ordered this for my classroom. I have only glanced at it as my 10th grade students have been actively engaged with it. They check it out and study it at night.

Does not go into detail. Very vague
