Customer Reviews

Have you ever been so into a book that you couldn't put it down? Well Jacks Run is so heart stopping and adrenalin packed you'll find yourself begging for more. Kidnapping, fighting and threats revolve around this book, but if you don't like action you might not like the Jacks Run. After the first book, Zack's Run, the characters of Jack (his new name) and family have been moved to Montreal, in hope of starting over and forgetting about their near death experience with Alozon Azhar. Alozon is a former drug dealer who Jack's father worked for. When Alozon trail comes up, Jack's dad and mom leave for Elk in hopes of sending their enemy back to jail forever. Jack flies to L.A. with his sister, being only 13. There he will be safe and out of harm, or will he? All hopes of their safety are shattered when Christine, the oldest child, decides to try out for America Sings, making it to the final

12. She is videotaped and put on TV. Jack and Christine are presented with many challengers dealing with Azhar and his people who want them dead. If only Jack could find a way to use his muscles for something other than lifting weights. Kids 12 and up could definitely read this book. The main character, who is 13, is like many kids, going through school, trying to make friends and figuring out how to fit in. Towards the end though it gets intense and most teens would love the action. This book is fiction but realistic parts to it, like a family in the witness protection program. To read Jack's Run you might want to read Zack's Run, the first book in this series. It's action packed and fun to read. If you have read Thunder Cave by Roland Smith, you might enjoy Jack's Run. They are both jam-packed with action and full of adventure.

Bibliography: Smith, Roland. (2005). Jack's Run. New York: Scholastic, Inc. There are many important characters in this book. Jack is a young boy whose life has been very hard, and now he is a very shy, strong, and brave teenager. Alonzo is the leader of a drug cartel. He is now in custody, but he has men and women kidnapping the Osbornes and he is still a very feared man. Christine is Jack's sister, who is a very good actress and singer. Mr. Osborne is an ex-criminal, ex-Navy SEAL, and ex-pilot. His main goal in the story is to save his children and bring Alonzo to justice. Sam is a smart, sneaky, and strong man. He used to be a Russian spy, and now, betraying Russia, has many friends high in the government. Catalin is a young girl from Jack's past-life. She is very important to him, and Jack really wants to see her once more. Jack's Run is the very exciting sequel to Zach's Lies, which is also written by Mr. Roland Smith. In Zach's Lies, Jack's dad gets caught up in the drug business. The police discovered that Mr. Osborne was drug trafficking, and immediately arrested him. Alonzo Aznar, the owner of the drug cartel, broke into Jack's house and had his whole family, except his father, held at gunpoint. He then called and told Mr. Osborne that he would kill his family if he told the police anything about the cartel. The Osbornes told the police about the break-in, and they were then put into the Witness Protection Program. The family's identities were changed, and they moved across the country. Jack, not knowing how much danger he was actually in, accidentally let his secret out. Alonzo found the family, and threatened to kill them if Jack didn't destroy his dad's proof the Alonzo had the drug cartel.
