Customer Reviews

When i first bought this book I sort of turned my nose up at it, I put it aside for a little while, then finally made up my mind to start reading it. As things turned out it's a good thing I picked it up again, what a wonderful book! I love the reading suggestions and personal stories included at the end of each chapter as well as the progressive step by step design of the book (which is supposed to walk you through the process of writing your own book as you read it) While I haven't necessarily started doing all the exercises included at the end of every chapter, I got some wonderful ideas and found

this book to be both encouraging and inspiring.

I found this book to be very informative. Also easy to understand. A bonus, it is also a hard cover book for a great price, so it will last a long time on the shelf for those times you need to go back and reference.

ASIN:1582973539 Writing and Illustrating Children's Books For Publication: Two Perspectives; 10th Anniversary (Writing & Illustrating Children's Books for Publication)]]This book is great! It has a lot of very good and helpful information for would be authors/illustrators. I believe most of the information would be great for other areas of pursuit as well. I was very impressed with section about how to understand what the letters from publishers are really telling you. I highly recommend this one.

this book is very helpful. well written easy reading. I originally checked this book out at the library and decided to purchase it. Its a helpful tool for childrens' book writers.

This book is written by an expert in the field. I was very happy to find another copy. The first copy I had was borrowed and never returned.

Very informative. Very helpful. On topic and on target. Concise and to the point. Just what I was looking for!

I'm trying to get my first kids' books published and this book has been so helpful and encouraging!!!

Excellent piece of work. Very useful and I am highly satisfied with it.
