8 ACT Practice Tests: Includes 1,728 Practice Questions (Kaplan Test Prep)

Synopsis

Kaplan Test Prep is the Official Partner for Live, Online Prep for the ACT. For more information visit kaptest.com/onlinepreplive 8 ACT Practice Tests is Kaplan's latest essential ACT guide filled with the practice students need to prep for the exam this year. There is nothing like practice to help build the necessary edge, and Kaplan's 8 ACT Practice Tests includes 8 printed practice tests and is designed to help you increase speed and accuracy with all of the different ACT question types. Kaplan's 8 ACT Practice Tests features:

- * 8 full-length practice ACT exams with full answer explanations
- * 500+ English questions
- * 400+ Math questions
- * 300+ Reading questions
- * 300+ Science questions
- * 8 essay prompts - completely updated for the revised Writing Test, complete with model essays and a self-grading guide

Kaplan guarantees that students will score higher on the ACT or get their money back. 8 ACT Practice Tests is the must-have preparation tool for every student looking to score higher! The 8 practice tests included in this guide are unofficial tests, but Kaplan regularly reviews and revises content to ensure that we are providing the most up-to-date prep, realistic practice materials, and the most current test information possible.

Customer Reviews

QUICK SUMMARY: Kaplan's ACT exam prep books, including this one, helped my daughter earn the Florida Bright Futures scholarship.
BACKGROUND: My high school senior daughter has been test-taking since last year, when she first took both the SAT and ACT. Like her older brother before

her, she prefers the ACT over the SAT. On her first try, she didn't score well enough to get the Florida Bright Futures scholarship award, which, for the ACT, requires a composite score of 27 or higher (for home-educated students; for public and private school students, they only need a 26 or higher -- don't ask me why the rules make it harder for homeschooled kids to get a scholarship, as I have no idea). Using the Kaplan-only ACT exam prep books, my daughter continued to raise her score, but it wasn't until her 4th attempt that she hit the magic number 27 she needed to get the Florida Bright Futures scholarship. So, the cost of these exam prep books is well worth it from my perspective -- far cheaper and more convenient than paying someone to tutor your child to take the exam. As a parent, I basically threw the book at my daughter and said, "Here, read this." (Okay, maybe I wasn't that bad, but that's more true than not). Essentially, neither my wife nor I did anything more than just give our daughter the Kaplan books to read, study, practice with, and then we just hoped for the best. My daughter obviously didn't need eight full-length practice exams in this particular book, but the more she looked at ACT problems, the better able she was at recognizing the type of problem, and then solving for it. My daughter mentioned she appreciated the test-taking advice that Kaplan books offer -- the test-taking strategy obviously worked for her, for us.
