Looking for a new journal? This is it! The book is filled with the beautiful botanical art of Flora Forager (Bridget Beth Collins) as seen online, in magazines and on television. AND there is still plenty of space to journal on high-quality paper pages. Just what I like... beauty AND practicality!

This book is stunning! I did a pre-order of this book, and was so surprised with the quality of the artwork, and how the artwork was rarely duplicated throughout the book- even in such a large book. I think this is a substantial journal, and the price point is great. I bought more to give as gifts! This is such a gorgeous book and I would recommend as a house warming gift, teacher gifts, Mother's Day gifts, etc. Beautiful, beautiful, beautiful!

I received this book from a Goodreads giveaway. Its a journal with plenty of blank pages for your own thoughts. The pages feel heavy and sturdy. The binding seems solid. However, I just received it and haven't put the journal "through the wringer" yet, so cannot speak to its long term durability. The pages are not firmly attached to the spine. There is a red ribbon bookmark glued to the backs of the pages, between the pages and the spine. The illustrations are beautiful and fanciful. Some of the pictures that were created from flower petals, leaves, etc. are quite imaginative and very cute. The corner images are repeated on multiple pages in the book, but the full page illustrations are not. There are (I think) 149 pages of which 20 are full page illustrations or section headers and not (technically) usable for writing.

This journal is so beautiful, each page is stunning. I bought it as a gift for my aunt and had to buy a few more as gifts and one for myself!

Beautiful photos, love the creativity of the artist! I preordered and was so excited when my journal arrived this week. Worth the wait!

I've been following Flora Forager on Instagram for a year, loving the work that she does. When I learned a journal with her work was coming, I preordered my copy and love it. So I just keep ordering them for gifts and people love them! I even bought three to have on hand for last-minute gifts! Thank you, Bridget Beth, for making your work so accessible for so many people!

So pretty!! I'm going to use it to record our upcoming vacation. It will be a beautiful way to remember this and future trips.

Beautiful book perfect to write meaningful or whimsical thoughts
